
PRESS RELEASE

Luminox Navy SEAL Foundation 3600 Series

November 2023 – In honour of Luminox’s partnership with the Navy SEAL Foundation, Luminox presents a new, complete blackout Navy SEAL Foundation watch. To contrast the blackout design, the watch comes equipped with yellow and ice blue Luminox Light Technology, symbolizing the light that the Foundation shines on veterans and their families.

Paying homage to the Foundation and its efforts, the timepiece also has the signature Navy SEAL Foundation logo across the full face of the dial and case back. With a sapphire crystal and 45mm CARBONOX™ case, bezel and clasp, the new Navy SEAL Foundation timepiece is designed for intense durability with 200 meters water resistance.

The new edition to the popular Navy SEAL Foundation series, continues Luminox’s longstanding partnership with the Foundation, created to support the Naval Special Warfare veterans and their families. Luminox and the Navy SEALs share a bond that was forged over four decades with reliable and durable watches engineered to perform for these Special Operations units in the harshest conditions. Luminox is a proud champion of the Navy SEAL Foundation and honours the legacy of these great heroes.

About Luminox

Luminox, the original self-powered luminous watch brand, is the watch of choice for global outdoor adventure icon Bear Grylls, U.S. Navy SEALs, The Icelandic Association for Search and Rescue (ICE-SAR), Lockheed Martin's F-117 Nighthawk™ stealth and other jet fighter pilots, elite forces worldwide and professional divers. Luminox watches glow up to 25 years in any light condition. Always Visible, tough, powerful and accurate, Swiss-Made Luminox is the ultimate night vision gear for rugged outdoorsmen and other peak performers.

ALWAYS VISIBLE

Navy SEALs, law enforcement, emergency personnel and more wear Luminox watches, and these professionals need to be able to see the time no matter the conditions. That's why Luminox uses tiny tritium gas tubes, which will provide illumination for up to 25 years. Unlike other luminosity systems, which depend on exterior light sources to charge luminous paint or a pushbutton to illuminate the watch, the luminosity is built right into Luminox watches, ensuring that you will always be able to see the time, no matter the conditions.

AVAILABILITY

Luminox watches are available at Crystal Time Pavilion at VivoCity #01-K30, TANGS at Tang Plaza Level 3 and authorised watch retailers.

For further information and the list of authorised retailers, please call Crystal Time (S) Pte Ltd at +65 6747 8888 or visit the website at www.luminox.com.sg
